

# RAMGOPAL PRAJAPATI

## Software Engineer

### Objective

Highly innovative software engineer with a passion for solving real-world problems through advanced analysis and programming techniques. Seeking to leverage my skills in web and app development to contribute to projects that make a meaningful impact, while continuously expanding my expertise and delivering high-quality solutions in a collaborative team environment.

I am now actively seeking opportunities to kickstart my career and transform my aspirations into reality. I also worked on open source contribution programs.
